CD packaging, customized labels,
package design, newspaper ads,
outdoor advertising, postcards,
signage, flash animation,

Experience:

Pental Granite & Marble January 2003-present Graphic Designer/ Web Designer

- I make marketing materials for our sales staff and clients. Projects have included web pages, package designs, signage, magazine and outdoor advertising, presentational material, collateral material, brochures, and labels. I reinforced the company branding by establishing consistency. Visitors to the company website have increased by more than 250% since August 2007 when I assumed all update duties by adding new features and recoding pages.

Jeffrey Moose Gallery 2000 & 2001-2002, Jeffrey Moose (206) 467-6951 Assistant

- I learned about the fine art business, helped with openings, and created a brochure for the print artists. This experience made me a stronger communicator.

Dale Chihuly Studios 2000-2001, (206) 781-8707 Clerk/ Printer

- I multi-tasked many projects at once, organized multiple printing projects, quality checked all printed materials, and color corrected prints as necessary. During my employment, I completed projects from the previous years and took on new duties.

Education:

School of Visual Concepts 2007-08 (more web classes)
The Art Institute of Seattle, Associates of Applied Arts, majoring in graphic design 1998-2000
Yakima Valley Community College 1996-1998
